

naturals POUSH

According to Ayurveda skin & hair health hinges on the balance of the three doshas: Vata, Pitta and Kapha. When these doshas are in equilibrium, skin & hair remains robust and vibrant. Conversely, imbalances can lead to various skin & hair challenges like hair loss, dandruff, lifeless hair, ageing spots on skin, lack of glow and much more.

Brand Poush completely believes in equilibrium of doshas. It facilitates this equilibrium balance by offering products, which provide holistic solutions in its purest form, helping us blossom from within.
